

# Arlington Center for the Arts

## Plans for Gallery Hanging

**\*Please Note:**  
The adjacent dark green wall slopes at an angle and does not function as a hanging wall for 2D. Please plan to use the space for plinths, tables and 3D work

\* All **TURQUOISE** walls are suitable for 2D hanging, with a hanging system. These are the main show walls and should not be nailed!

\*ACA has a moveable wall available for most shows, it is 40" x 70" and can be positioned in the Shaira Ali Gallery.

\*Ceilings range in height, so be mindful about what will fit in salon style.
